

IEEE Systems Conference 2021 Special Session for **Aerospace Systems Engineering**

Session Chairs

Haifeng Zhu, Otis
Fuhua Ma, Pratt & Whitney

Technical Program Chair

Sidney Givigi
Queen's University

Conference Chair

Bob Rassa
Raytheon Technologies Corp.
(Retired)

SYSCON2021

The 15th Annual IEEE International Systems Conference

April 15-May 15, 2021
Virtual Conference

Aerospace products are often complex and pose significant challenges to systems engineering. This special session welcomes discussions on systems engineering issues related to aerospace domain, that include but are not limited to: Aerospace Systems Issues, Requirements and Architecture, Physics Modeling, Simulation and Analysis, Systems Integration & Verification, Autonomous Aerospace Systems, Robotic Systems, Aerospace Sensors Integration & Application, Aerospace System Human Interfaces, Cybersecurity, Aerospace Communication Systems.

Authors may submit theoretical or practical use case papers in aerospace area or other areas where the solutions can also be used by aerospace applications. The best papers of the session will be selected and possibly be invited to be extended to full journal papers.

Important Dates

March 8, 2021
Submission Deadline

March 15, 2021
Notification of Acceptance

Submission
